

Climate Action Plan

2022 – 2027

RRU & Climate Action

*Inspiring people
with the courage
to transform the world.*

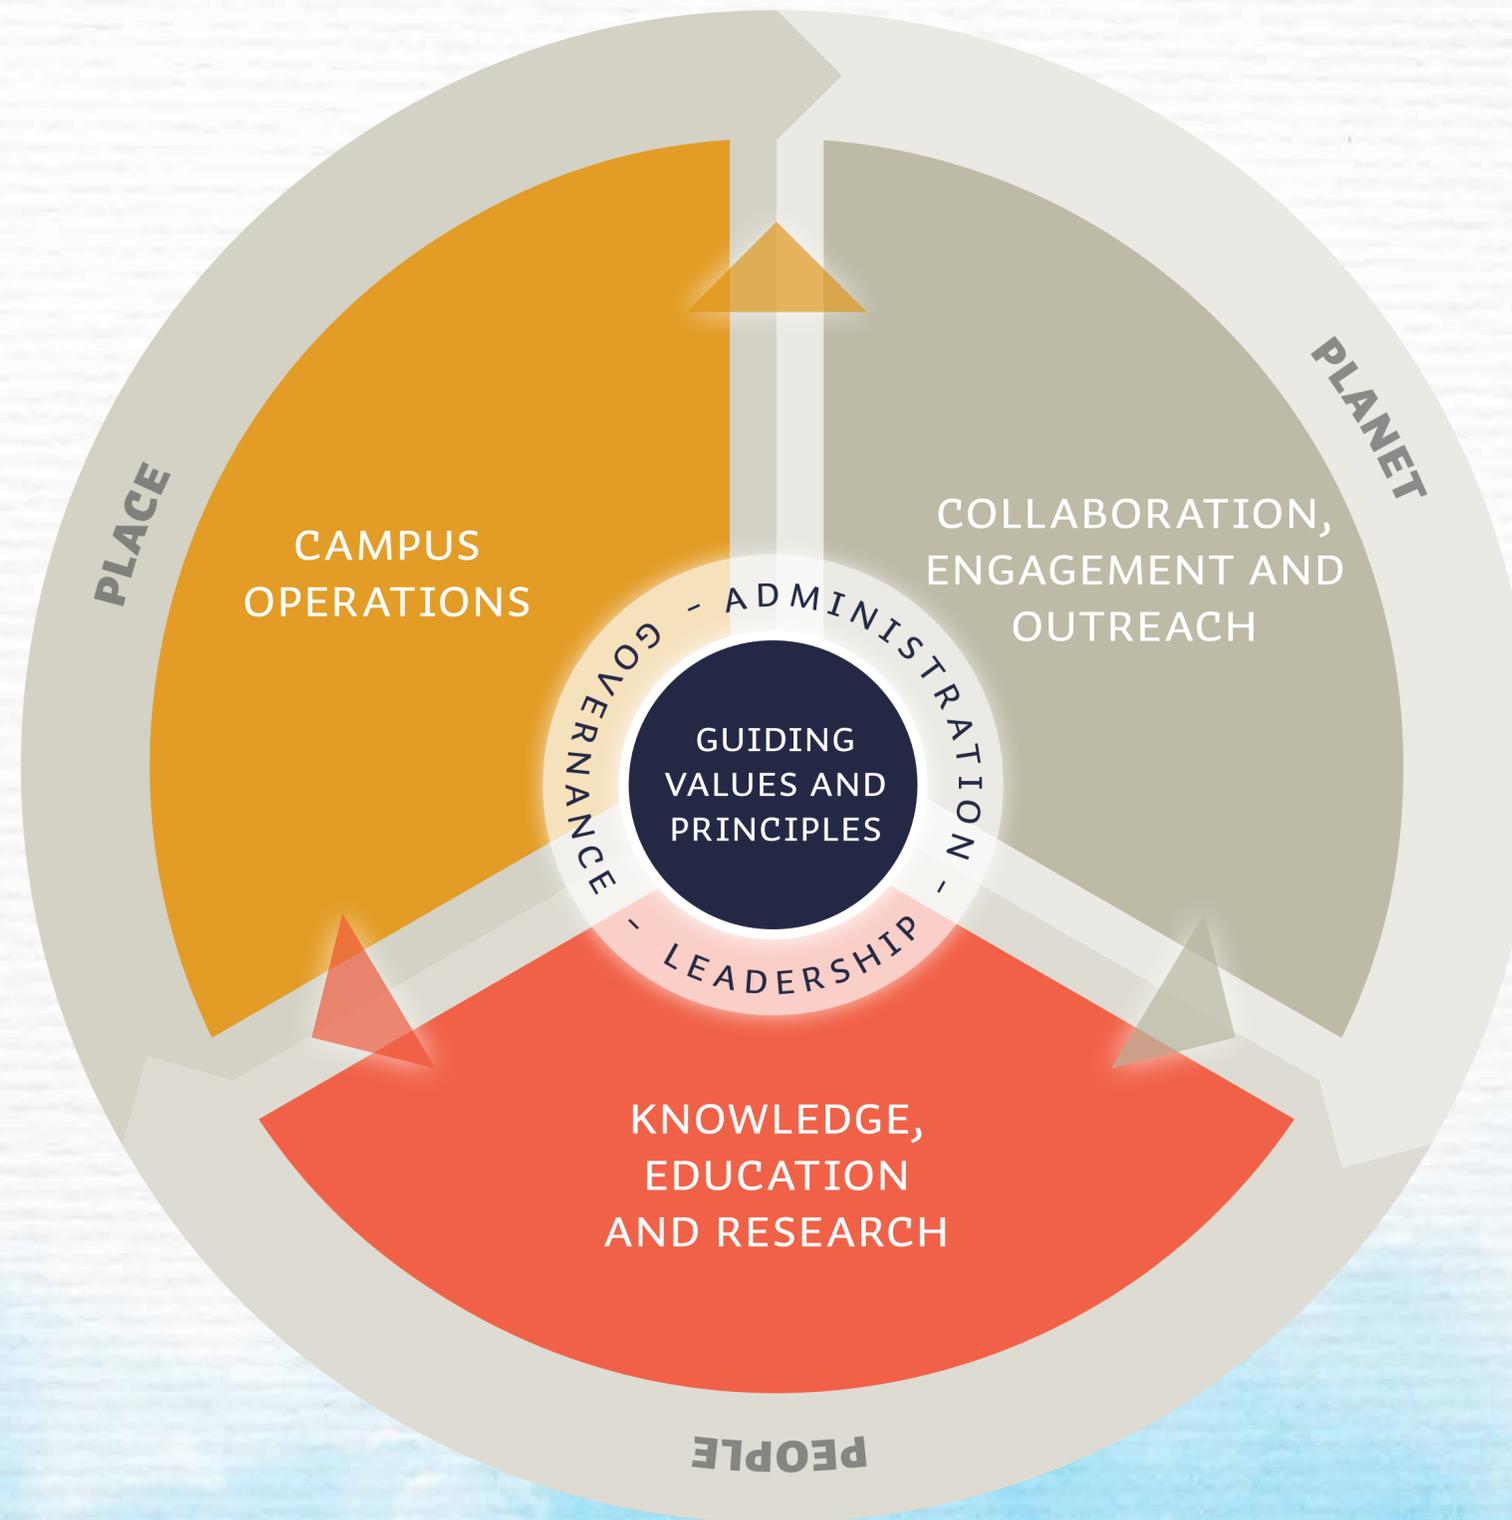

Five Priority Areas

- Governance and leadership
- Administration
- Campus operations
- Education, knowledge, and research
- Collaboration, engagement and outreach

Whole-of-Society Whole-of-University

Climate Action Goals

Lead & Enable

Make urgent climate action core to the university's purpose and business by establishing climate-driven governance, policies and competencies. Be a leading example of mitigation and resilience.

Build Knowledge & Capacity

Increase climate change awareness and action through education, research and engagement. Advance learning that is responsive to place, people and nature.

Collaborate for Solutions

Co-create climate action solutions, leverage resources and amplify positive impact through relationships, partnerships and dialogue.

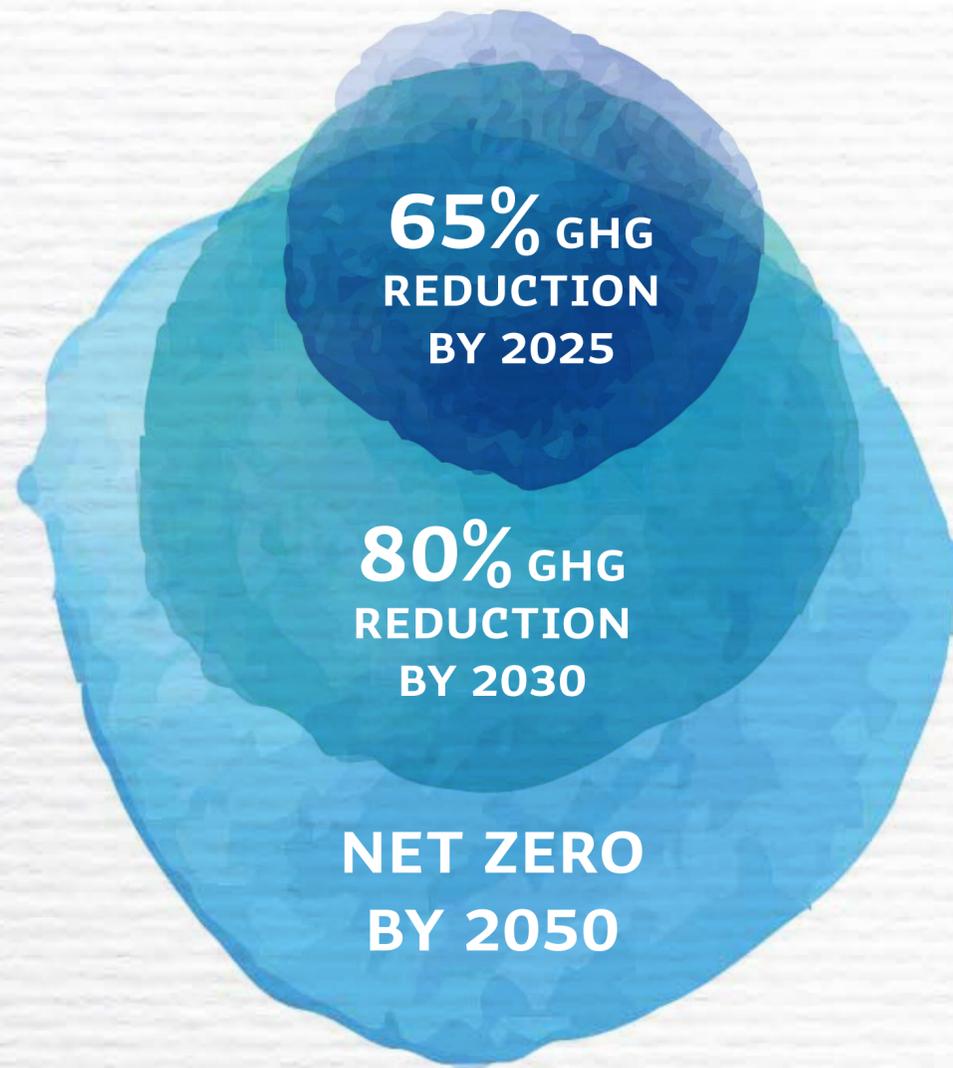

Lead and Enable

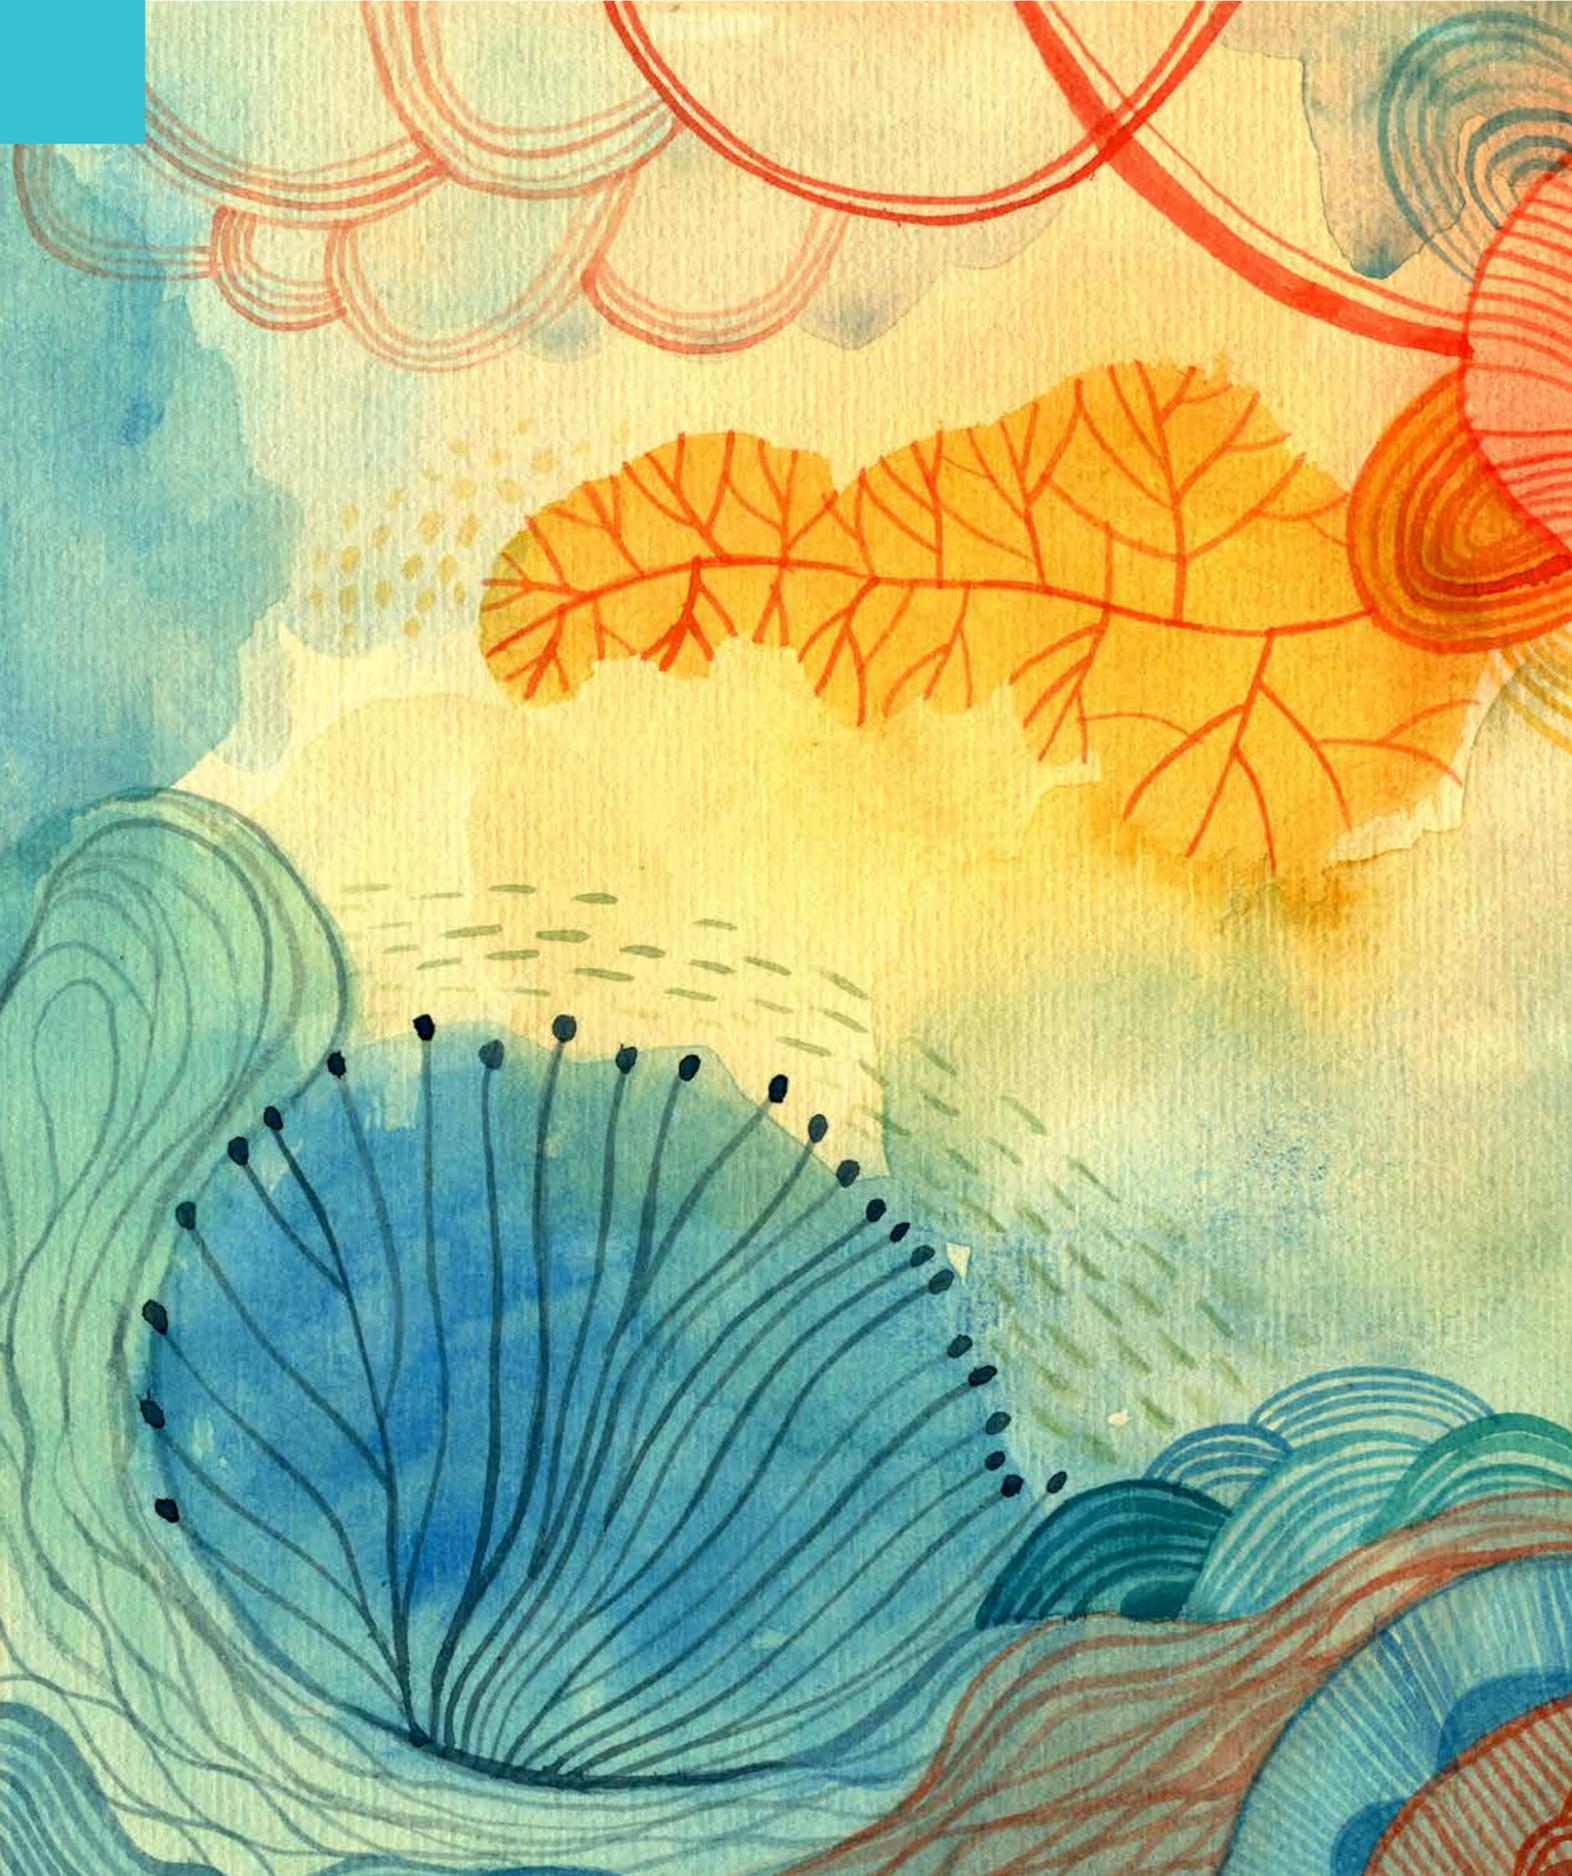

- Governance & leadership
- Administration
