

# Skills Employers Want Worksheet

## Instructions

This worksheet is a companion to the Skills Employers Want Activity in Moodle. It is suggested that you keep the activity instructions open in your computer as you fill in this worksheet.

**Remember:** *Examples provide evidence.* Employers want proof of your abilities, skills, strengths, and knowledge within your professional applications and/or career advancement. Listing your *Degree* on your resume imparts the recognition of obtaining the credential, which is an incredible achievement! However, *it does not convey or describe the specific skills that were required and/or gained* to complete each course for the credential. Be specific, and demonstrate those skills!

## Develop Examples of Your Transferable Skills

First, review the list of transferable skills needed for the future:
